Current Status Of Search Engine Visibility And Search Traffic

We noticed overall traffic growth for the month of June which is a result of our latest optimization efforts to increase the visibility of your website in search engines.

We expect this growth to be reflected also in the revenue. Our next step is to continue with the offsite optimization and focus on minimizing the funnel drop-offs.

SERP Rankings & Charts

This section presents the overall keyword ranking progress from the start of the campaign. For the next month, we plan to continue our optimization efforts and focus on the keywords which are not currently in Top 10.
